THE SAVAGE 385 BIG BOY A POPULAR FISHING FAVOURITE

Introducing the Savage 385 Big Boy, the favourite in the punts and dinghies range, built to the same engineering integrity as you have come to expect from Australia's oldest brand in aluminium boats.

Featuring a solid design this small but mighty boat fulfils all big expectations with 1.60mm top and bottom sides a 30hp outboard, the Big Boy can comfortably embark on any fun filled adventure.

Savage National Account Manager Cameron Wood comments on the 385 Big Boy; "When it comes to value for money, you can't go past the 385 Big Boy, all the regular options that customers look for in boating value have been combined into one unbeatable package."

The Big Boy has the capacity to carry four people comfortably, with a 1.85 metre beam and an overall length of 3.90 metres there will be plenty of space left over for your fishing gear.

The 385 Big Boy weighs in at 150kg, making it easy for one person to manoeuvre off the beach or tow behind any car.

With a great range of features the 385 Big Boy has proven to be a fishing favourite, including front and rear bench seats with built in flotation for safety, short side and bow rails, two transom handles and fully carpeted floor and fuel tank rack the 385 Big Boy has a lot to offer.

The 385 Big Boy also has a range of optional extras such as a painted hull, bimini and envelope, casting platform and rod holders so you really can make your 385 Big Boy stand out on the water.

The 385 Big Boy like all the boats in the Savage range is backed by a 3 year factory warranty for peace of mind and has corresponding Savage trailer.
